// **UNIQUE SELLING POINT**

- // Dedicated to unique culinary enjoyment - Visits to restaurants in Pullman hotels do not just complete a stay – they give it its unique character. The restaurant Les Quatre Saisons has always achieved extraordinary culinary feats.
- // Basel: business magnet and creative mecca - The city of Basel is both a hub and an attraction. Ideally situated in the border region where Germany, France and Switzerland meet, Basel has long been a European business hotspot. If you work in the pharmaceuticals industry, this is a city you will not be able to avoid
- // Location - This is one of the most popular destinations for a city break, so spending time in Basel is well worth your while. For cosmopolitan people, the city has a lot to offer: a vibrant art scene, one of the most interesting old towns in Europe, a number of inspiring museums and the famous Basel Minster. And you can certainly save time if you want to look round the city: its main attractions can be reached in just a few minutes from the hotel.
