

# On-Site Meets On-Screen Hybrid Event Solutions for your Needs

## Together with Dorint Hotels & Resorts we Offer the Perfect Solution.

Are you considering a meeting or event booking but unsure due to different local restrictions or physical distancing rules?

In close collaboration with Dorint Hotels & Resorts we are offering a suite of technology solutions to meet your needs. New core types of hybrid event scenarios help participants stay connected without losing audience engagement and interaction.

From web conferences and webinars to live broadcasts/webcasts and studios - our expert team has the perfect hybrid event solution to enable you to plan and book your meeting as planned!

\*Prices are indications only and may vary by country, requirements, and duration (+vat); Full Virtual Event with exhibition area/plenary/networking etc on request.

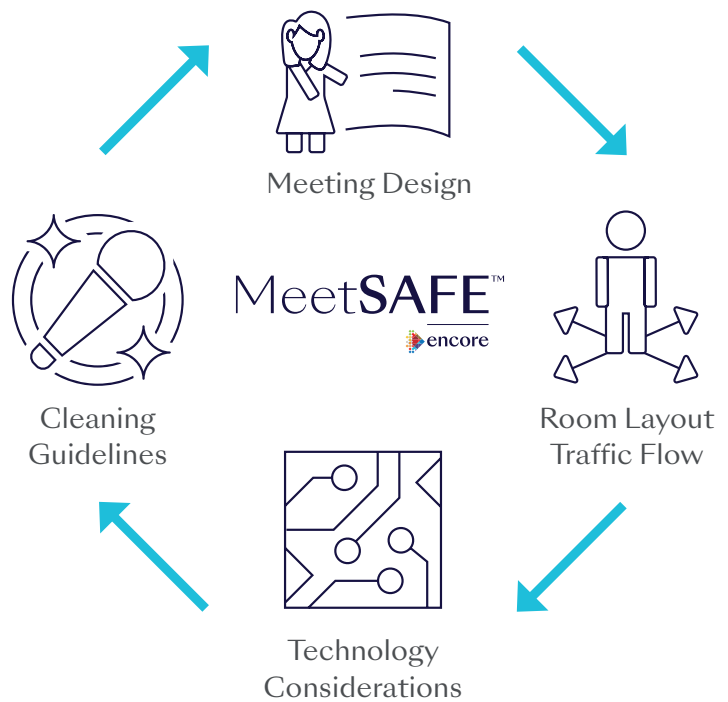

# New Meeting Designs For a Safe and Sound Event Experience

As people return to in-person meetings, smaller and larger groups could potentially fall into three meeting designs. All three meeting designs can incorporate a hybrid component, like live streaming for attendees that are not able to make the in-person meeting. This ensures that nobody has to miss out on any part of the event, and of course, this all comes GDPR compliant.

Design One	Design Two	Design Three
<p><b>One Room</b></p>	<p><b>Multi-room Broadcast Communication</b></p>	<p><b>Multi-room/ Multi-venue Networked Communication</b></p>
<p>Ideal for a smaller group meetings, engaging distanced attendees within a single room at one venue.</p>	<p>Split large groups into multiple rooms at the same venue, and broadcast to them. Add digital tools for a great meeting and event experience.</p>	<p>For events that bring attendees from multiple venues and potentially multiple rooms together. Add the right technology solutions to make the experience feel as if everyone is meeting together as one.</p>
		

## Safety is our Top Priority

We align our recommendation with the specific safety policies of our venue partners with the common goal to ensure peace of mind for our event guests and to ignite the industry recovery, by creating meaningful and engaging event experiences.

For more information, please contact your hotel event team or directly your local hybrid event team.
